

Storm Point of Use Assembly

The Storm POU system is easy to assemble and quickly converts the Storm bottle water cooler into a Storm Point of Use cooler. An air filter is incorporated into the top of the lid to protect the integrity of the water from airborne contaminants. This POU assembly uses a primary float with a secondary backup.

- Easily and quickly retrofitted to Storm bottle cooler
- Water tank with 1.67 us gal (6.3 L) capacity
- Dual float mechanism
- Air filter to protect water from contaminants
- Sturdy bracket on which filters can be easily fitted
